Imagine your child performing breathtaking feats of magic! Back by popular demand, BlackRock's Wizard Workshop is a weeklong minicamp that focuses on the art of magic. Students will learn to construct, practice and perform incredible illusions. Magician Brian Curry, of Magic and Mischief, has worked for clients ranging from Fortune 500 companies to Six Flags America. Learning magic is a great way to build self-esteem and ease the fear of public speaking. All props and materials will be provided, including your child's own magic set! Rarely will students have the opportunity to learn from a master magician on the stage of the very magical BlackRock Center for the Arts. Watch for special guests!
